

Geography

In Geography this half term we will be learning all about the economic activity in the UK. We will be discussing trade links, imports and exports and how supply chains work.

Science

In Science, we will be discovering different forces and how they work together. We will look at mechanisms and complete a variety of experiments.

RE

We will be using our RE lessons to learn about the different Human Rights that we have and how these are represented and promoted by different world religions.

PE

In PE we will be enjoying lessons delivered by Worksop Town Football Club on a Tuesday, as well as swimming lessons in Worksop on Friday afternoons.

Welcome to Welbeck Class!

I hope you have had a lovely holiday and are excited for Year 6.

As last year, please could the children not bring pencil cases or personal belongings into school. Please do check the website or Facebook page regularly for updates.

Mrs. Martin

Diary Dates

17th Oct – Fire engine visit for KS1

18th Oct – Harvest festival in Church 2:00pm

18th Oct – Last day

Maths

We will begin our Maths learning this year by looking at place value of numbers over one million. We will then cover the four operations and apply this knowledge to lots of reasoning and problem-solving questions.

English

Our class text this half term in *The Nowhere Emporium* by Ross Mackenzie. We will be using the story as inspiration to help us write our own adventure narratives as well as descriptive writing based on characters in the text.

PSHE

In PSHE we will be focussing on appropriate behaviour and how to build relationships.

French

In French we will begin to understand some basic French grammar.

Art

We will be experimenting with textures.
