Elmton Class

What have we been learning about this week?

Elmton Class have had a fantastic week at school. The children have all worked extremely hard.

This week in English, we been reading our new class book 'Paddington'. We have used adjectives to write a character description of Paddington Bear.

In maths, we have been learning about volume and capacity. The children have used water to measure the volume and capacity, using a range of jugs and containers.

In PE, we have been learning about rounders. We have developed our hitting and throwing skills and we played our first game of rounders this week!

In science, we have been learning where food comes from and if it is either a plant or an animal.

Have a lovely weekend.

Miss Earle

Homework challenge -

For your homework challenge this week, I would like you to complete the phonics worksheet.

Reading Books

Please bring your reading book and diary to school every Monday morning, so you can be given a new reading book.

We require all children to read at home at least three times a week. Please fill in the reading diary every time you have read. If you have read three times that week, we shall add a stamp on to your child's reading rangers bookmark.

The children all have a Bug Club login glued into the front of their reading diaries. As part of their homework, please could they log into BugClub and play on the phonics games or read a book. The phonics games range from Phase 2 all the way to Phase 5. I will be checking Bug Club each week to monitor progress. Please let me know if you have any problems.
