# Elmton Class

## What have we been learning about this week?

Elmton Class have had a wonderful week at school.

In English, we have been practicing how to use full stops and capital letters go in our sentences.

In Maths, we have been learning how to subtract from a number up to 10. We have also been learning different methods to help us subtract.

In geography, we have been learning about the seasons. We went on a hunt around the playground and field, to find clues which tell us which season we are in. We also thought about what clothes we would wear in different seasons.

In PSHE, we have been learning about different types of touches and how they might make someone feel.

Have a lovely weekend.
