

Drumba at St Luke's!

Over the past 6 weeks St Luke's children have been taking part in Drumba. DRUMBA® is a high-energy workout session based around a mix of popular music whilst learning and playing a drum. Our children have developed their musical skills and used the correct musical vocabulary to use with the drums.

Why did we choose Drumba?

- It's a cross curricular class that delivers music and P.E. in one lesson and demands concentration, memory and stamina.
- Effective use of PE and Sports premium money.
- Engages kinaesthetic learners.
- Improves fine motor skills and handwriting.
- Provides an inclusive education.

The instructors were incredibly impressed with all the children. Some children even taught part of the class themselves! Take a look at on our podcasting section on the website to see classes perform their routines.
