

St. Luke's C of E (Aided) Primary School
Anti-Bullying Policy

Work Together. Grow Together. FLOURISH Together.

2026-27

Introduction

At St. Luke's C of E (Aided) Primary School we aim to provide a supportive, caring, and friendly environment which allows all our pupils to learn in an atmosphere which is focussed on improving their life chances and helping them to maximise their potential. We expect our pupils to act safely, and feel safe, in and outside of school – we do not tolerate any form of bullying, and we are committed to preventing and tackling it. We recognise that as children learn and grow together, they may experience fallouts with their peers, but we are committed to supporting our pupils to resolve these 'relational conflicts' and stop them from progressing to bullying behaviours. If an incident of bullying does occur, we believe our pupils, parents/carers and staff should feel confident in reporting it and know that all incidents will be dealt with promptly and effectively. Bullying will never be tolerated at our school.

At St. Luke's C of E (Aided) Primary School we encourage open discussions around differences between people, we actively challenge prejudice, and we celebrate diversity. We adopt a contextual safeguarding, trauma-informed and strengths-based approach to bullying and child-on-child abuse, and we are committed to working with families and outside agencies where appropriate.

Whilst this policy primarily addresses bullying involving pupils, we recognise that harmful behaviour can also occur within relationships involving adults and children. Any concerns that a member of staff, volunteer, contractor or other adult may have bullied, intimidated, humiliated, victimised or otherwise caused harm to a pupil will be treated seriously and responded to in line with the school's safeguarding, staff conduct, allegations against staff, and complaints procedures. All pupils have the right to be treated with dignity and respect.

Policy Development

This policy has been developed from the Nottingham City Council and Nottinghamshire County Council Anti-Bullying Policy Template (2 September 2026) and reflects Keeping Children Safe in Education 2026. It will be shared with staff and governors and will be informed through ongoing pupil voice, parent/carer feedback and the school's monitoring of behaviour, safeguarding and wellbeing.

- Members of staff - through staff meetings, safeguarding updates and policy review.
- Parents/carers - through ongoing communication, feedback and consultation opportunities.
- Pupils - through pupil voice, class discussion, PSHE and School Council.
- Governors - through Governing Body review, monitoring and approval.
- Other partners - through liaison with relevant safeguarding, health, local authority and external agencies where appropriate.

This policy is available:

- Online on the school website.
- From the school office
- Key anti-bullying messages and reporting routes are reinforced through assemblies, PSHE, class discussion and age-appropriate pupil materials.

This policy is reviewed and evaluated throughout the academic year. It is updated annually.

Roles and Responsibilities

All staff at our school are aware that children may bully other children, and that this can happen both inside and outside of school, and online. All staff understand the school's Anti-Bullying strategy and approach and know the important role that they each have in preventing and tackling bullying.

The Headteacher, Mr P. Phillips, has overall responsibility for Anti-Bullying at our school. They are responsible for appointing an Anti-Bullying Coordinator and liaising with the Governing body, parents/carers, the Local Authority, and outside agencies when appropriate.

The Anti-Bullying Coordinator, Miss S. Phillipson (Inclusion Lead/PSHE Lead), is responsible for: (please delete/amend as appropriate)

- Policy development and review (ensuring that pupils, staff, governors, and parents/carers have opportunities to contribute)
- Implementing the policy and monitoring/assessing its effectiveness
- Managing the reporting and recording of bullying incidents
- Coordinating Anti-Bullying training and support for staff and parents/carers where appropriate
- Monitoring the effectiveness of strategies for preventing bullying behaviour

The Designated Safeguarding Lead is Mr P. Phillips. Deputy Designated Safeguarding Leads are Miss L. Tomlinson, Mr M. Bell and Miss S. Phillipson. Safeguarding is the responsibility of all, however all staff, parents/carers and pupils need to be aware of who to report to and how to report any safeguarding concerns.

The Governing Body provides strategic oversight of behaviour and anti-bullying. Relevant link governor monitoring is reported to the Governing Body.

All staff are expected to model respectful, professional and inclusive behaviour at all times. Staff must not engage in behaviour that could be experienced by a child as intimidating, humiliating, degrading, bullying or discriminatory. Any concerns regarding adult conduct towards pupils must be reported in line with safeguarding procedures.

What is bullying and how does it differ to relational conflict?

At St. Luke's C of E (Aided) Primary School we have adopted the definition of bullying provided by the Anti-Bullying Alliance:

"Bullying is the repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power. Bullying can be physical, verbal, or psychological. It can happen face to face or online."

We recognise that bullying can take many forms and can affect any child. It is often motivated by prejudice against particular groups (for example on grounds of race & ethnicity, religion & belief, gender identity, sex, sexual orientation, special educational needs, or disabilities, or because a child is adopted, in care or has

caring responsibilities). Bullying can be motivated by actual differences between children, or perceived differences.

However, we also recognise that incidents may occur between pupils, which may not be deemed as 'bullying' but still require support or intervention from trusted adults. These incidents may be referred to as 'relational conflicts' or falling out. Relational conflict differs to bullying in the fact that it is usually between individuals or groups who are relatively similar in power and status (a power balance), and the behaviours or incidents occur occasionally (not repetitive) or occur by accident (not intentional). Usually, following a relational conflict incident, pupils show remorse and there is a general willingness to make things right or to resolve the conflict.

Not all relational conflict or falling out leads to bullying, but our school is aware that occasionally some can, and we are mindful that unresolved bad feelings or relationship problems left unaddressed can be the start of a pattern of behaviour in which the intention becomes to cause harm or distress.

Our school recognises that behaviours exist on a continuum. Relational conflict, inappropriate behaviour, prejudice-related incidents, bullying behaviour and Child-on-Child Abuse are distinct concepts but can be linked. Whilst most incidents of relational conflict will not escalate, unaddressed concerns, harmful attitudes or repeated behaviours may develop into more serious bullying or safeguarding concerns. We are committed to early identification, intervention and education to prevent escalation and ensure that all pupils receive appropriate support at the earliest opportunity.

Although bullying and relational conflicts can take place between individuals, we recognise that it often takes place in front of others (either physically or virtually), pupils who witness these incidents/behaviours are often referred to as 'bystanders'.

Regardless of whether an incident or situation is deemed as 'relational conflict' or 'bullying', our school will address the situation and support the pupils to resolve any negative feelings. Our school will monitor children following an episode of relational conflict to ensure that the situation has been resolved and does not escalate to bullying. Our school will challenge, address, and monitor any incidents of bullying, to ensure that it does not continue and that all pupils feel supported (this will include the target, the alleged perpetrator, any bystanders, and the wider school community).

What does bullying behaviour look like?

At St. Luke's C of E (Aided) Primary School we consider the context within which incidents and/or behaviours of concern occur. We will consider the motivations behind the behaviours and will take into account the age and stage of development of the pupils involved. Our focus will always be the safety and welfare of all children involved.

Bullying behaviour may include, but is not limited to:

- Physical – pushing, poking, kicking, hitting, biting, pinching etc.
- Verbal – name calling, sarcasm, spreading rumours, threats, teasing, belittling and gossiping.
- Emotional – isolating others, tormenting, hiding books/belongings, threatening gestures, ridicule, humiliation, intimidating, excluding, manipulation, and coercion.
- Sexual – unwanted physical contact, inappropriate touching, abusive comments, exposure to inappropriate films etc.
- Online / Cyber – posting on social media, sharing photos, sending abusive or threatening messages, social exclusion, posting or sharing embarrassing or harmful material, image-based abuse, the sharing or threatened sharing of intimate images, AI-generated content, digitally manipulated

images or videos, deepfake imagery, nudification technology and other technology-assisted behaviours intended to humiliate, harass, threaten or exploit others.

- Indirect – can include the exploitation of individuals such as ‘false friendships’, criminal exploitation, sexual exploitation, and radicalisation.
- Prejudice-related – derogatory and discriminatory language and behaviour including that which is racist, sexist, homophobic, biphobic, transphobic and disablist (ableist) in nature. This language and behaviour may be directed towards people because of their sex, religion or beliefs, race/ethnicity/nationality; or because they have a learning or physical disability; or because they are lesbian, gay, bisexual or trans, or are perceived to be, or have a parent/carer, sibling or friend who is. It may include misogyny or misandry and be sexist in nature. Such language and behaviour are generally used to refer to something or someone as inferior.

Our school recognises that prejudice-based bullying may also constitute a safeguarding concern. Racism, faith-targeted abuse, antisemitism, Islamophobia, disability-based prejudice, misogyny, homophobia, biphobia, transphobia and other discriminatory behaviours can significantly affect a child’s wellbeing, sense of safety, welfare and educational experience. Such incidents will not be viewed solely as behaviour or equality matters and will be responded to appropriately in line with safeguarding procedures where necessary.

There is no hierarchy of bullying, all forms of bullying are taken equally seriously and will be dealt with appropriately. Our school also understands that some behaviour such as ‘baiting’ or ‘false friendships’ may constitute as bullying, we will consider the context of all incidents and aim to support all children involved.

Our school understands that banter is an increasingly relevant part of discussions relating to bullying; however, it is important to acknowledge that banter is not inherently bullying, and it can be an important part of social bonding and friendships. At the same time, we know that some bullying in society is passed off as ‘just banter’, and we know that banter can quickly escalate to inappropriate or harmful exchanges and bullying.

Our school defines ‘prosocial banter’ as ‘playful, typically funny, reciprocal, teasing between friends’ that is well intended. Prosocial banter can occur both online and offline and includes a range of behaviours that may be verbal, physical, or information/message sharing (online). When engaging in prosocial banter, all parties present exchange banter and all share the positive experience. Banter can include some of the bullying behaviours set out in this policy document, so it is important to distinguish between shared positive social bonding and inappropriate banter and bullying. School staff will distinguish between banter and bullying by taking careful consideration of the *intention, content and topic* of reported incidents.

Our school recognises that some bullying behaviours and harmful attitudes may be influenced by online content, influencers, peer groups, online communities and wider societal messages. Staff will consider these contextual factors when assessing concerns and planning appropriate support and interventions.

Where does bullying take place?

At St. Luke’s C of E (Aided) Primary School we understand that bullying is not confined to the school premises. Bullying can take place outside of school, on the journey to and from school and in the local community. Bullying may also take place online (this is sometimes referred to as cyberbullying). Our school recognises that advances in technology have created new opportunities for bullying and harassment. These may include the creation or sharing of AI-generated images, manipulated photographs or videos, deepfake content, image-based abuse, anonymous messaging and other forms of technology-assisted bullying. Incidents occurring online will be treated with the same level of seriousness as those occurring face-to-face.

We will offer support and guidance to pupils, parents/carers and families who have experienced any type of bullying whether this has taken place inside school, outside of school or online. We are committed to working with outside agencies where appropriate to prevent and tackle all forms of bullying.

We anticipate the full support of parents/carers and families during our investigations of reports of bullying or relational conflicts and request that they work in partnership with our school colleagues to help provide all evidence and context to any reported incidents (particularly when alleged incidents have taken place online). We ask that parents/carers remain vigilant about their children's online activities and behaviour online, and work in partnership with the school to educate children about the importance of online safety.

How to report bullying concerns

At St. Luke's C of E (Aided) Primary School we want pupils, parents/carers, staff, and visitors to confidently report bullying and know that their concerns will be taken seriously. We remain committed to supporting and safeguarding all children involved including the target, the alleged perpetrator, any bystanders/witnesses to the bullying behaviour and the wider school community.

We have clear reporting systems for each group of our school community; the effectiveness of these reporting systems is reviewed throughout the academic year and may be expanded to meet the needs of all members of our community.

Any pupil, parent/carer, member of staff or visitor who has concerns that a child has been bullied, intimidated, humiliated or unfairly targeted by an adult working within the school should report these concerns to the Head Teacher / Principal (or Chair of Governors where the concern relates to the Head Teacher / Principal) and/or the Designated Safeguarding Lead. Such concerns will be managed in accordance with the school's safeguarding and allegations management procedures.

Pupils, including bystanders/witnesses:

We ask that all pupils report concerns of bullying or bullying behaviour to a member of school staff – this can be any member of teaching or non-teaching staff, including a class teacher, a TA, the Head teacher, a lunchtime supervisor, or a member of the office team. We talk about trusted adults regularly in class and in assemblies to remind our pupils of who they can report concerns to.

The member of staff will listen to the pupil, reassure them that the concern will be taken seriously and consider any immediate support or safety needs. Bullying concerns will be recorded on CPOMS and relevant staff alerted. The DSL will be informed immediately where the concern is urgent, indicates risk of harm, may constitute child-on-child abuse, or raises another safeguarding concern.

We understand that some pupils may find it difficult to report concerns verbally. Pupils can speak to any trusted adult and, where needed, staff will use communication boards, visual supports, drawing, writing, emotion scales or support from a familiar adult to help a child communicate. Identified vulnerable pupils may also receive regular check-ins rather than relying solely on self-reporting.

Even if the behaviour/incident which has been reported is deemed 'not bullying' and is thought to be 'relational conflict', school staff will still support the pupils involved and help them to resolve any concerns.

We recognise that some pupils, including some children with SEND, may require additional support to recognise, understand or report bullying concerns. We will make reasonable adjustments to our reporting systems to ensure they are accessible and inclusive. Pupils may choose to report concerns verbally, through visual communication methods, through a trusted adult, through written or electronic means, or with support from a member of staff who knows them well.

Parents/carers:

We understand that it can be very difficult for a parent/carer to be concerned or hear that their child has been the target of bullying, has experienced bullying behaviour or is an alleged perpetrator of bullying.

We ask that parents/carers who have concerns about their child experiencing or displaying bullying behaviour contact the school directly. In the first instance, this will usually be the child's class teacher, either in person, by telephone, through the school office or through the school's established communication systems. Concerns will be recorded appropriately on CPOMS and escalated to the DSL where there is an urgent or safeguarding concern.

We ask that parents/carers come directly to the school with their concerns rather than discussing them with other members of the school community in person or online. We ask that parents/carers remain vigilant about their child's online and out-of-school activities and that they work in partnership with the school to provide any evidence to allow staff to investigate the matter fully and in a timely manner.

Our school remains committed to supporting pupils and their families in all instances of bullying and relational conflict and will respond to reports promptly. Even if the behaviour/incident which has been reported is deemed 'not bullying' and is thought to be 'relational conflict', school staff will still support the pupils involved and help them to resolve any concerns.

We will endeavour to ensure that all parties are kept informed of progress and any developments, but we will also need to show due regard to GDPR (General Data Protection Regulations). This may mean, at times, that we are not able to provide or share information or updates.

School staff:

Our staff work closely with our pupils and therefore may notice a change in a pupil's behaviour or attitude that might indicate that something is wrong before receiving a report from a pupil or a member of the school community. If staff have any concerns about a pupil's welfare or are concerned that a pupil is displaying behaviours that may show they are the target of bullying or perhaps perpetrating bullying, they should act on them immediately rather than wait to be told.

Staff must act on concerns immediately and record bullying concerns on CPOMS. They should alert the Headteacher, Anti-Bullying Coordinator and/or a DSL as appropriate. The DSL must be informed immediately where a pupil may be at risk or the concern may constitute a safeguarding matter.

Visitors:

We ensure that all visitors to our school are aware of our Child Protection and Safeguarding procedures and which staff member they should report any concerns to (the member of staff may differ depending on the purpose of the visit e.g., supply teacher, governor, external agency etc.).

Visitors who witness, or are told about, bullying behaviour should report the concern at the earliest opportunity to the Headteacher, a member of the Senior Leadership Team or a Designated Safeguarding Lead. Concerns will then be recorded on CPOMS by school staff and escalated immediately where safeguarding action may be required.

How our school will respond to reports of bullying

At St. Luke's C of E (Aided) Primary School all reports of bullying or reported concerns of bullying behaviours will be taken seriously and investigated. Even if an incident is deemed 'not bullying' or a

'relational conflict', our school remains committed to supporting all pupils who have been involved and affected.

Our school keeps records of bullying concerns on CPOMS. These records are used to identify patterns, repeated concerns, vulnerable pupils, locations or times of concern and themes requiring preventative work. Relevant information is reviewed by leaders and shared with staff on a need-to-know basis.

Relevant information relating to bullying concerns may be shared with appropriate staff, professionals and agencies on a need-to-know basis in accordance with safeguarding, child protection and information sharing procedures. Decisions regarding information sharing will be proportionate, lawful and recorded appropriately to support the safety and wellbeing of pupils. Where a pupil transfers to another education setting, relevant safeguarding information relating to bullying concerns will be transferred securely and without unnecessary delay in accordance with safeguarding requirements.

Our staff use a contextual approach to safeguarding, and each incident will be dealt with on a case-by-case basis. Some of our school's responses may include, but may not be limited to:

- Talk to all pupils involved in the reported incident – this may include the target, child who has allegedly displayed bullying behaviour, and any bystanders/witnesses
- Talk to the parents/carers (of the target and/or the child who has allegedly displayed bullying behaviour). We anticipate the full support from parents/carers and request that they provide staff with all available evidence (particularly when alleged incidents have taken place online).
- Our school will take a restorative and education-based approach in order to address the possible root causes for any bullying behaviours. When appropriate, we will implement appropriate sanctions in accordance with our school's behaviour policy. These sanctions will be graded according to the seriousness of the incident but will send out a message that bullying is unacceptable. We may issue bespoke interventions or next steps of support depending on the circumstances and root causes.
- Discuss the report/incident/case with other agencies and organisations when appropriate and make referrals to those organisations when appropriate
- Where concerns indicate wider vulnerabilities, unmet needs or emerging safeguarding concerns, the school may consider Early Help, Family Help or multi-agency support. The Designated Safeguarding Lead will work with children, families and partner agencies as appropriate to secure support at the earliest opportunity.
- Liaise with the wider community if the bullying is taking place off the school premises (e.g., the Police, District Council etc.)
- Keep in touch with the person who reported the incident/behaviour to inform them that action has been taken – this may include a pupil, a parent/carer/guardian, a member of staff or visitor, or another member of the school community. We will endeavour to ensure that all parties are kept informed of progress and any developments, but we will also need to show due regard to GDPR. This may mean, at times, that we are not able to provide or share information or updates.
- Implement a range of follow-up support/interventions appropriate to the situation (this may include informal or formal restorative work with the target and alleged perpetrator, solution-focused meetings, individual or group work with the target, individual or group work with the child who has displayed bullying behaviour, individual or group work with any witnesses/bystanders, group work with the wider-school community etc.)
- Where required, individual safety plans may be developed to reduce risk, support emotional wellbeing and help pupils continue to access education safely. Safety plans will be proportionate to

the identified concerns and may be developed in partnership with pupils, parents/carers and relevant professionals where appropriate.

- Consider the emotional wellbeing and mental health needs of all pupils involved, including those who have experienced bullying, displayed bullying behaviour or witnessed incidents. Where appropriate, additional pastoral, mental health, wellbeing or safeguarding support may be arranged.
- Monitor the effectiveness of actions taken and reassess/take more actions if appropriate
- Use a contextual safeguarding approach and professional curiosity to explore the wider circumstances surrounding reported incidents and identify whether additional support, intervention or safeguarding action may be required.
- When assessing concerns and planning support, consider both vulnerabilities and protective factors within a pupil's life. Protective factors may include positive relationships, trusted adults, supportive family networks, positive peer friendships, engagement in school life, community involvement, resilience and individual strengths. These factors will help inform proportionate and child-centred support plans.
- Liaise with the Designated Safeguarding Lead if there are safeguarding issues or concerns and consider the potential impact of the experiences – a DSL may then liaise with other professionals and Local Authority teams as appropriate (e.g., school counsellor, CAMHS, MASH etc.).

If a parent/carers is not satisfied with our school's actions, we ask that they follow our school's complaint policy and procedures. This is available online from our school website and on request from the school office.

Strategies for preventing bullying

At St. Luke's C of E (Aided) Primary School, we are committed to the safety and welfare of our pupils, and therefore we have developed the following strategies to promote friendly and positive behaviours and discourage bullying behaviours. Throughout the academic year, the effectiveness of these strategies is reviewed, and the variety of strategies may be expanded to address specific concerns or meet the needs of all members of our community.

The strategies we use include, but are not limited to:

- Our FLOURISH values and Christian vision, including Friendship, Love, Understanding, Integrity and Selflessness, are used to reinforce respectful relationships and a strong sense of belonging.
- A planned PSHE/RSHE curriculum teaches friendship, respectful relationships, difference, prejudice, online behaviour, consent and how to seek help.
- Regular assemblies, worship and class discussion reinforce kindness, inclusion, trusted adults and the expectation that bullying and discriminatory behaviour are reported.
- Pupil voice, including School Council and wider pupil discussion, is used to identify concerns and inform preventative work.
- Anti-Bullying Week and Safer Internet Day are used alongside ongoing curriculum teaching rather than as stand-alone responses.
- Online safety teaching addresses cyberbullying, harmful online influences, discriminatory content, image-based harm and age-appropriate risks arising from new technologies.
- The SENDCo, Inclusion Lead, DSL team, ELSAs and class staff work together to identify pupils who may require additional support, reasonable adjustments or proactive check-ins.
- Reporting routes and anti-bullying teaching are adapted for pupils with SEND or communication needs, including the use of visual and personalised communication approaches.

- ELSA and other pastoral support may be provided for pupils who have experienced bullying, displayed bullying behaviour or been affected as witnesses/bystanders.
- Staff monitor patterns through CPOMS, behaviour information, pupil voice and professional discussion, with additional intervention where trends or repeated concerns are identified.
- Staff training and safeguarding updates include child-on-child abuse, prejudice-based harm, online safety and professional curiosity.
- Parents/carers are encouraged to raise concerns directly with school so that they can be investigated promptly and appropriately.

Breaches / Complaints

Breaches to this policy will be dealt with in the same way that breaches of other school policies are dealt with, as determined by the Head teacher and Governing Body.

If a parent/carers is not satisfied with our school's actions, we ask that they follow our school's complaint policy and procedures. This is available online from our school website, and on request from the school office.

Links with other policies

You may find it helpful to read this Anti-Bullying policy alongside the other following school policies:

Policy	How it may link
Child-on-Child Abuse Policy	Includes links to bullying – specifically sexualised bullying and exploitation
Behaviour and Discipline Policy	Includes details about the rewards and sanctions for pupils
Child Protection and Safeguarding Policy	Includes information about child protection procedures and contextualised safeguarding
Online Safety Policy / Acceptable Use Agreements	Includes information about children's online behaviour and details about online bullying/cyberbullying
Equality Policy	Includes information about our school's approach to tackling prejudice and celebrating differences. Links to prejudice-related language and crime and the protected characteristics
PSHE / RSHE Policy	Includes information about our school's RSHE programme and how we teach about relationships, friendships, and bullying
Complaints Policy	Includes information about how to make a complaint if you are not satisfied with the school's response

Monitoring and Review

This policy is reviewed and evaluated throughout the academic year. It is updated annually.

Date for Governing Body approval: 23rd September 2026

Date to be reviewed: September 2027
